

How to Use CoachDeck

Tips to more effectively use the drills in this deck

- **Color-coding:** Each CoachDeck card is color-coded for instant recognition. Gold = infield; Green = outfield; Blue = baserunning; Red = hitting.
- **I/G/T:** I = Individual; G = Group; T = Team. I/G/T/ = Drill can be performed by individual, group or team.
- **Line them up:** Adjust drills for age level. Some drills call for players to be stationed a certain number of feet apart, but you may feel this is too short or too great a distance for your players. Modify as you see fit.
- **Key Points:** The "Key Points" are items you or your players need to know to maximize each drill's effectiveness.
- **Make it a game:** An ordinary drill turns exciting if you can make it into a competition. Nearly every drill in CoachDeck can be performed as a fun game your players will love.
- **Equipment:** CoachDeck drills require no special equipment beyond bats, balls and helmets. However, if some drills are too advanced for players, you may use batting tee. (In T-ball level it is recommended that all hitting drills be done with tee.) Substitute soft-core or tennis balls as needed, depending on player ability, for safety reasons. Stopwatch may be helpful in some drills.
- **No team required:** The majority of CoachDeck drills can be adapted to one-on-one coaching in backyard or park. Fundamental skill taught in each drill is key.

Practice Tips

Use the following pointers in conjunction with your CoachDeck for a perfect practice!

- **Use your assistants:** If you have volunteers to assist you at practice you can easily put them to work by giving them a group of players and a selected card from the deck. You may then rotate players through various stations so that each player is getting frequent repetitions and more individualized attention.
- **Or, go it alone:** We know that quite often you may be the only coach at practice. Do not worry! Nearly every card in CoachDeck is designed so that a lone coach can keep each player busy and improving.
- **Rotate Players:** Remember to work with all your players. Move them around to different positions within each drill. Drills that require some players to be baserunners and some to be fielders can be enhanced by letting runners rotate out to the field and vice-versa.
- **Pre-plan, if you can:** CoachDeck was designed with the busy volunteer coach in mind. You can literally show up at practice with no time to plan and run a great clinic using this deck. However, whenever possible, it helps to choose a handful of drills ahead-of-time and place them in order at the top of the deck.
- **Have fun** but take it seriously. It's a fine line to walk. Your goal at each practice is to ensure that every player improves in some way. However, a more important goal for the season should be that no matter what, every player wants to come back and play again next year.

Safety

Attention Coaches: Safety is a must!

Adhere to these tips to help prevent injuries!

- **Helmets:** Use any time players are swinging bats, are around others with bats or running bases.
 - **Supervision:** Watch your players carefully at all times.
 - **Loosen up:** Begin each practice with warm-up. Players should play catch to get arms loose, do stretching exercises, and take a short jog.
 - **Bats & balls:** No player should pick up a bat or ball unless supervising adult has said it is OK. Players should never throw to another player unless that player is looking.
 - **Be cautious:** If you don't think your players are ready for a particular drill in this deck, choose another. You can also vary drills to ensure safety by rolling grounders instead of hitting fly balls, using soft-core or tennis balls instead of baseballs.
 - **Spacing:** Any time more than one player is swinging a bat or throwing a ball, make sure there is plenty of distance between everyone. Structure practice so that there will never be players from one drill running through another to chase loose balls, etc. Players not actively participating should be stationed in protected areas.
 - **First aid:** Always carry a first-aid kit and instant ice packs. Keep parent and emergency phone numbers handy in case of more serious injuries.
- All CoachDeck drills have been performed many times without injury and are, if conducted properly, safe. However, throughout normal course of practicing baseball, possibility of injury exists. CoachDeck assumes no liability for injury occurring as a result of performance of drills in this deck for any reason, including without limitation, lack of supervision, negligence or participant error.

Terminology

This card will assist you with the terminology you will encounter in CoachDeck Cards.

- **Positions:** 1 = Pitcher; 2 = Catcher; 3 = 1st Baseman; 4 = 2nd Baseman; 5 = 3rd Baseman; 6 = Shortstop; 7 = Left Fielder; 8 = Center Fielder; 9 = Right Fielder; (Note when calling where to throw the ball, use 1 for 1st, 4 for home, etc.).
- 1st = First Base; 2nd = Second Base; 3rd = Third Base; Home = Home Plate; Short = Shortstop; Left = Left field; Right = Right field; Center = Center field.
- **Tag-up (Tags):** Runner re-touching base after batted ball is caught in the air.
- **Mound:** Pitcher's mound or area.
- **Cutoff:** On ball hit to outfield, cutoff man is positioned halfway between outfielder and base to which ball should be thrown. Fielder at base instructs cutoff man to relay (catch and throw) ball to him, cut (catch) and run it in, or let it go all the way through.
- **Cover:** As in "Cover a base." The act of awaiting a throw at a base so as to either get a force or tag out.
- **Take:** As in "Take a pitch." The act of a batter intentionally not swinging at a pitch.

CoachDeck™ cards were created to assist the millions of hard-working youth sports volunteers and parents who would like to help players learn important skills and fundamentals through fun drills and games.

The time commitment involved in coaching is enormous, and sometimes it is not possible to thoroughly prepare for each practice. Designed by professional coaches, the drills in CoachDeck can be performed by kids from 6-16 and are laid out in a fast, easy-to-understand format that allows you to conduct an extremely effective clinic with little or no preparation. Because the deck is portable, you'll always have it with you. The nearly infinite number of drill combinations you can create means kids will never get tired of the "same old practice."

Inside this deck you will find 52 color-coded cards that teach basic and valuable fundamental baseball skills. But because you'll get more out of kids when they play and compete, nearly every drill contains a unique, "Make it a Game" feature that will ensure your player wants practice to go on forever. Also provided are two double-sided instructional cards on Safety, Terminology, Practice Tips and How to Use CoachDeck.

We're sure that once you use CoachDeck you'll wonder how you ever did without it and, you'll agree, that A Perfect Practice is in the Cards™, with CoachDeck.

- From stretch, coach simulates throw home or pick-off move to 1st. On throw home, runners race to finish-line. On pick-off, they dive back to line.
- **Key point:** "No lead-off" divisions: Runners practice getting off base after pitch. Coach calls, "Passed ball!" and runners go. "Throw down!" runners get back.
- **Key point 2:** "No stealing" divisions: Work on running on grounders/waiting on flies.
- **Make it a game:** Team gets points for first to finish line or back to base.

2ND BASE DECISION

ROUNDING SECOND

Baserunning around 2nd

I/G/T

BASERUNNING

- **Line them up:** All players running at 1st base. Coach at 3rd.
- Runner approaches 2nd base looking at 3rd base coach for instruction.
- 3rd base coach says either, 1) "On the bag", 2) "Round and hold", or 3) "Get here!"
- Runner learns three options: 1) Safely find base: 2) Go a few steps beyond and look for bad throw: 3) Hit bag hard and continue to 3rd.
- **Key point:** Coach accompanies instruction with hand signals, (diagram).

RUNAWAY

Running to 1st

- **Key point:** Next runner cannot go until teammate slides into base.
- **Variation:** Younger players (or indoor), do not have to slide.
- **Make it a Game:** First team with all players finished wins.

BUNT ZONES

Bunting to specific locations

1/G/T

HITTING

- **Line them up:** Players (wearing helmet) with bat at the plate. Coach, midway between mound and plate, pitching half-speed.
- Draw lines on field with bat (or chalk) marking out zones (see diagram).
- Bunted balls coming to a rest in zones are worth points as shown. Balls rolling out of zones worth no points.
- **Variation:** Younger players not yet bunting get points for each ball hit outside of marked area.
- **Make it a Game:** Divide players into two teams. Each player gets 3 bunts, alternating teams. Team with highest cumulative total wins.

IMAGINARY PITCH

Visualizing hitting

1/G/T

HITTING

- **Line them up:** Players form circle around coach and assume "hitting stance".
- Coach goes into wind-up and pretends to throw pitch while saying something like, "Outside corner," or "Low and inside strike," or "High ball".
- **Key Point:** Batters visualize pitch being thrown, and swing or take.
- **Make it a Game:** Slowest to swing at a strike, or anyone who swings at a ball, is out. Final player remaining wins.

ONE-ARM SWING

Using each hand independently

1

HITTING

- **Line them up:** Player needs a bat and helmet.

BUNT WITH A PARTNER

Multiple bunt repetitions

1/G/T

HITTING

- **Line them up:** Players (wearing helmet) with bat. Each batter has partner on one knee approx. 15 feet away with several balls.
- Kneeling players pitch to batters. Batters bunt pitched balls. After 1-2 minutes, batter and pitcher switch.
- Pitchers should work to throw strikes, but are not trying to throw hard.
- **Key Point:** Batters use proper form (above) and try to bunt each pitch.
- **Make it a Game:** Batter who misses or fouls pitch in strike zone must switch with pitcher.

0-2 DRILL

Two-strike hitting, fielding, situations

T

HITTING

- **Line them up:** One player at each defensive position except pitcher and catcher. Coach is on mound pitching.
- Each player starts with 0-2 count, (no balls, 2 strikes). Player who misses or takes a called strike is out. Foul ball = keep hitting.
- When ball is put in play, batter runs to 1st. Fielders try to make the out.
- **Key Point:** Players rotate in manner depicted above. After hitting, hustle to left field to keep game moving.
- **Make it a Game:** After every player has hit, those who reached 1st safely hit again. Remaining players in field. Continue until 1 player is "0-2 Champion".

GROUND HOG

Staying on top of ball

G/T

HITTING

- **Line them up:** One batter; remaining players in field. Coach throws batting practice.

FENCE SWING

Shortening batter's swing

I

HITTING

- **Line them up:** Batter stands facing fence close enough that bat would touch if arms fully straight and extended.

- Batter tries to hit soft ground ball back to fielders who field ball and pitch again.
- **Key Point:** Emphasize soft swings and ground balls. Younger players should use soft-core balls.
- **Make it a game:** Batter goes to #4 position after missing good pitch or hitting ball that is caught. Fielder 1 goes to batter. Fielder making an error moves to #4.

OUTFIELD SOFT-TOSS

Hitting, fielding

G/T

HITTING

- **Line them up:** Fielders spread out in center. Coach and batter on outfield foul line. Player catching in throws.

HITTING

- **Line them up:** Two equal teams. One team hitting. Other, in field, as per diagram.
- Coach pitches soft-toss to hitters who must try to hit fair ball. (Batters don't run)
- Any ball kept in infield = out. Past infield but in front of 2nd group of fielders = single. Past 2nd group = double. Past everyone = triple.
- **Key Point:** Balls caught in air are outs. Teams switch after 3 outs.

Hitting moving ball

I/G/T

HITTING

- **Line them up:** One player at plate. Other players fielding.
- Player stands ready to hit with "toss" facing 4-5 feet away.

HITTING

- **Line them up:** Divide players into 3 teams: (A, B and C). B and C play defense, A is up to bat.
- Coach pitches or players pitch, depending on age level.
- Team A bats until 3 outs are made. After 3 outs, Team B goes to bat, Team A goes into field. Keep track of runs like real game.

- After 5 minutes or so, switch shortstops to 2nd, and vice-versa.
- **Make it a Game:** Pit one group against other. Teams get 1 point for successfully-fielded ball and 1 for good throw. First team to 30 wins.

FORCE OUT

Getting lead runner at 2nd

G/T

INFIELD

- **Line them up:** 1/3 playing shortstop, 1/3 playing 2nd and 1/3 running at 1st base.

Proper feet and hand positioning

1/G/T

INFIELD

- **Line them up:** Two rows of players on infield, directly across from a partner, (10-20 feet, depending on age level)
- Draw a triangle in front of one player's feet.
- Show players how they must keep feet apart and hands out front for a triangle to stay intact. Players begin rolling grounders to each other.
- **Key Point:** When ball is rolled to either side, players must move feet and get in position so triangle moves to ball
- **Make it a Game:** Players quickly roll each other grounders. First team to 20 wins. Balls fielded without proper triangle don't count.

RELAY DRILL

Foot and glove positioning

G/T

OUTFIELD
